Chapter 18

The 4th Trumpet “Rev 8:12-13”

Fourth Trumpet: The Heavens Struck

Then the fourth angel sounded: And a third of the sun was struck, a third of the moon, and a third of the stars, so that a third of them were darkened. A third of the day did not shine, and likewise the night. And I looked, and I heard an angel flying through the midst of heaven, saying with a loud voice, “Woe, woe, woe to the inhabitants of the earth, because of the remaining blasts of the trumpet of the three angels who are about to sound!” (NKJV)

This is fulfilled known as the Iraq/Kuwait gulf war “**Dessert Storm**’

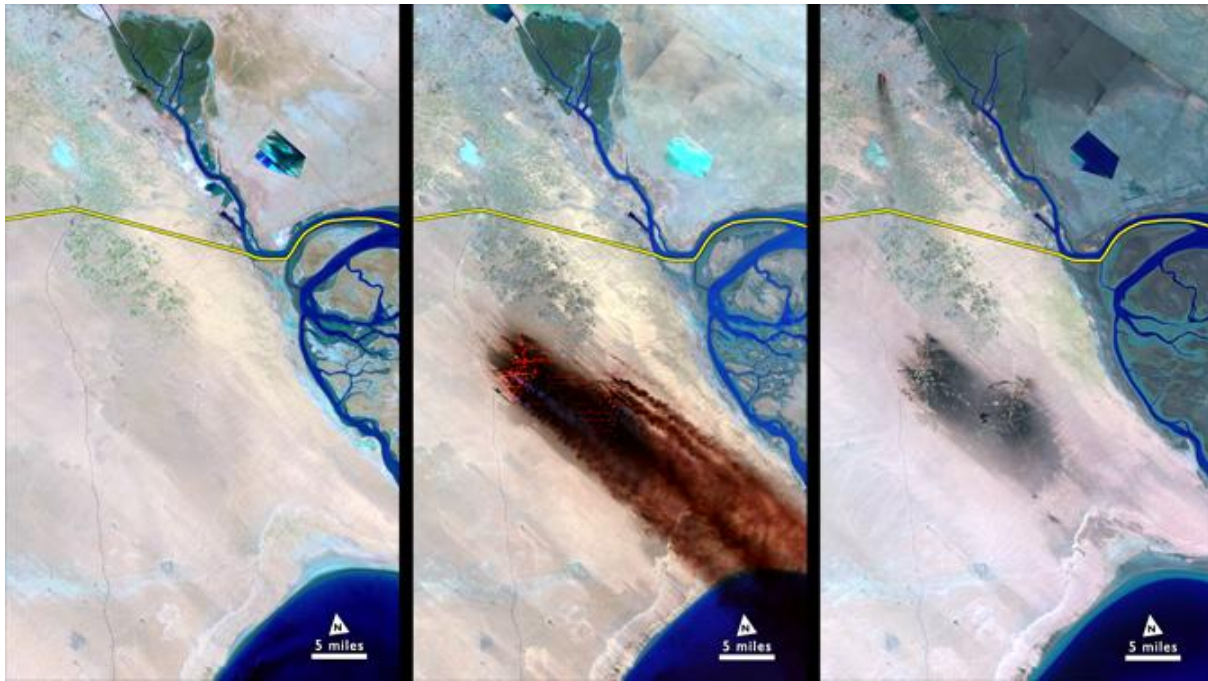

12Then the fourth angel sounded This 4th trumpet was released on 2nd August 1990 to 28th February 1991 the 6 month Iraq/Kuwait Gulf war with George W Bush senior as 41st president of the USA (*Washington DC corporation of the District of Columbia*), **and a third of the sun was struck, a third of the moon, and a third of the stars, so that a third of them darkened. A third of the day did not shine, and likewise the night.** Saddam Hussein’s armed forces set ablaze 700 Oil well fires that started burning in January and February of 1991 to protect Iraq solders from US laser guided missiles, the sky was darkened in the middle of the day for over 10 months. Other than a volcano blowing up spewing forth ash clouds with similar effects this was manmade and unprecedented in human history. The last oil well set ablaze was finally extinguished November 1991 an 11 month period of continual burning and smoke over Kuwait and Iraq causing a blocking out of the sun by day, the moon and stars by night. The fourth Trumpet leads us into the 5th and 6th Trumpets in the same region of conflict the Middle East.

As Iraqi troops withdrew from Kuwait at the end of the first Gulf War, they set fire to over 650 oil wells and damaged many more, just south of the Iraq border (yellow line). These Landsat images show before, during and after the release of 1.5 billion barrels of oil into the environment, the largest oil spill in human history. Article:

The **Kuwaiti oil fires** were caused by Iraqi military forces setting fire to a reported 605 to 732 oil wells along with an unspecified number of oil filled low-lying areas, such as oil lakes and fire trenches, as part of a scorched earth policy while retreating from Kuwait in 1991 due to the advances of Coalition military forces in the Persian Gulf War. The fires were started in January and February 1991, and the first well fires were extinguished in early April 1991, with the last well capped on November 6, 1991.

This smoke infested darkness over Iraq and Kuwait during the day spread over the region blocking out the sun for periods of time it also blocked out the stars and moon at night just as scripture states. This all started as Iraq's forces began retreating from Kuwait in February 1991, they set Kuwaiti oil wells on fire, creating thick blankets of black smoke and lakes of oil. There were 600 to 750 oil well fires set ablaze, with approximately 5 million barrels of crude oil burning per day from the oil well fires. Soon the smoke blanketed the sun and darkness came this can all be seen from satellite over Iraq. Oil well fires created health hazards killing many and even causing cancer as the smoke contained many poisonous ingredients.

An oil field on fire 1991

About 8,000,000 million barrels of crude oil had been purposely spilled into the Persian Gulf, creating an environmental hazard to marine life and birds, approximately 20,000 birds died. A 12-inch thick oil slick was created that covered an estimated 400 miles of shoreline. Only a very small portion of the oil was recovered, about a million barrels of oil.

The oil slick threatened the desalinization plant at Jubal and Saudi Arabia, booms and skimming operations were launched to protect the plant. This was a shortening of the daylight and night a restriction of available sunlight a literal “shortening of the times” of men in the light of day and night. This was the beginnings of other conflicts to come unveiling revelations last trumpets 5 and 6 the 7th is Christ’s return this comes at an alarming rate a true “shortening of the times” warning. See Iraq Kuwait satellite picture from 1991 below with massive amounts of smoke covering Iraq and Kuwait cities in the Persian Gulf blocking out a third of the sun moon and stars from mans sight for months in the region as scriptural prophecy stated in the fourth trumpet now fulfilled in 1991.

Satellite photo by NASA, of Iraq /Kuwait over major cities in the region, oil wells on fire for months blocking out the sun, moon and stars by day and by night over 3rd a third of the land mass near the Persian Gulf. This is the area of the 4th Trumpet fulfillment historically as seen from above in 1991.

The oil fires caused a dramatic decrease in air quality, causing respiratory problems for many soldiers on the ground without gas masks (1991).

13 And I looked, and I heard an angel flying through the midst of heaven, saying with a loud voice, “Woe, woe, woe to the inhabitants of the earth, because of the remaining blasts (*Trumpets 5, 6 and 7 the three woes*) of the trumpet of the three angels who are about to sound!” (NKJV)

Ten years later 9/11 hit on Sept 11th under George Bush junior this time in 2001 the world felt and new something had changed dramatically (*see chapter 19 Twin towers hinge to unsealing Revelations*), since 9/11 an increased time of acceleration and a “shortening of times and seasons” has occurred, taking us into accelerated revelation and Daniels interconnected chapter fulfillments. This comes with radical disasters increasing sorrows, weather patterns, floods, earthquakes, wars and economic crashes and woes. On the world scene in 2009 the Rev 13:1-10 “Antichrist Beast from the sea” appears the Euphrates Rev 16:12-16 river starts drying up, deceiving frog spirits are rereleased from mouth of Dragon, beast and false prophet, the Christians get “warred against” by Hezbollah and Isis in Syrian and Iraq starting June 2013, Rev 13:7 in the Middle east (*See chapter 35 warring against the saints*).

This loosed the Islamic beast nature to rise up, the recovery of the Rev 13:1-10 beasts first wounded head the religion of the “Ottoman Empire” “Islam”, Rev 13:3 an acceleration of times. estimated 70 Trillion. Then the increased violence with rumors of wars, the international refugee crisis and the New World Order advance since the 2009 Herman Van Rompey declaration of the New World Order (*see chapter 20 Holy Roman Empire Re – born 2009*). This comes with conflict and war looming in the Middle East making it unstable, that will lead us into the final battle of Armageddon against Israel. All of this is flowing into the 5th and 6th Trumpet blasts bringing the “warring against the saints” into completion.
